INSTRUCTIONS TO BIDDERS

ate:

Jersey County Government
200 N. Lafayette St
Jerseyville, IL 62052

PROJECT:

SCOPE OF WORK:

DETAILS/PROCEDURES:

- All work will be scheduled during normal working hours for the County unless it will cause disruption to county services. In such cases, work will be scheduled to create minimal impact to county services.
- The Vendor shall perform all work so that all warranties are maintained and observed. Vendor shall provide a copy of any new warranties to the County Board Office.
- The Vendor shall provide copies of material supplier's invoices with billing. Purchase of materials is exempt from Illinois Sales Tax. (Tax Exempt #E9996-2081-07)
- All parts and materials must be of current day (latest model). Surplus, remanufactured and used products are prohibited unless otherwise specifically stated in the call for bids.
- All work performed will be in accordance with current trade practices and shall be completed in compliance with applicable state and county codes, and manufacturer's specifications.
- By submitting an invoice, the vendor certifies that the supplies and services were provided and that they meet all requirements of the contract.
- Vendors are advised that asbestos-containing materials may be present in county facilities. Should accidental disturbance or damage to asbestos containing materials occur by Vendor, said disturbance should be reported to the County Board Office immediately.

BIDDING REQUIREMENTS:

- Bids will be submitted in a sealed envelope, and must be signed in ink by an authorized officer or employee of the company.
- Bids are to be valid for at least 60 days.
- Jersey County reserves the right to reject any or all bids, or any part thereof, or to accept any bid or part thereof, or to waive any informality in any bid, deemed to be in the best interest of the county.
- The successful bidder for a contract SHALL / SHALL NOT furnish a Performance Bond and Labor/Material Bond in the amount of the total contract, guaranteeing the completion of the work, performance of the contract, and the payment for all labor and materials involved in the work. Bonds must be obtained from a surety licensed to conduct business in Illinois.
- In the case of default by the vendor, Jersey County may procure the materials or services from other sources and may deduct the cost from unpaid balances due the vendor, or may collect against the bond or surety for excess costs so paid, and the prices paid by Jersey County shall be considered the prevailing market price at the time such purchase is made.
- The successful bidder will be required to provide certificates of insurance, naming Jersey County Government as additional insured and indicating the following insurance coverage, which must be in effect for the duration of the agreement:

(a) General Commercial Liability-occurrence form in amount of \$1,000,000 per occurrence (Combined Single Limit Bodily Injury and Property Damage) and \$2,000,000 Annual Aggregate; (b) Auto Liability, including Hired Auto and Non-owned Auto, (Combined Single Limit Bodily Injury and Property Damage) in amount of \$1,000,000 per occurrence; and (c) Worker's Compensation Insurance in amount required by law. Insurance shall not limit Vendor's obligation to indemnify, defend, or settle any claims.

- The contractor shall include any subcontractors used in the project as insured under its policies, or shall furnish to Jersey County separate endorsements for each contractor. Subcontractors shall be subject to the same coverage requirements as the contractor.
- The contractor awarded the bid must comply with the provisions of the Prevailing Wage Act, 820 ILCS 130/1 et. Seq., which applies to the wages of laborers, mechanics, and other workers employed in any public works.
- The contractor awarded the bid is expected to be an Equal Opportunity Employer as required by Article III, Rules III, of the Fair Employment Practices Commission.
- Jersey County will not award any contracts to businesses or individuals owing delinquent taxes to Jersey County at the time bids are awarded.
- Bids are due by _____. Bids must be mailed to Jersey County Board Office, 200 N. Lafayette St, Suite 5, Jerseyville, IL 62052, emailed to boardsecretary@jerseycounty-il.us, or delivered in person to the County Board Office.

Explanations JERSEY COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date. ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER AND MARBLE FINISHER

The handling, at the building site, of all sand, cement, tile, marble or stone and all other materials that may be used and installed by [a] tile layer or marble mason. In addition, the grouting, cleaning, sealing, and mixing on the job site, and all other work as required in assisting the setter. The term "Ceramic" is used for naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

ELECTRONIC SYSTEMS TECHNICIAN

Installation, service and maintenance of low-voltage systems which utilizes the transmission and/or transference of voice, sound, vision, or digital for commercial, education, security and entertainment purposes for the following: TV monitoring and surveillance, background/foreground music, intercom and telephone interconnect, field programming, inventory control systems, microwave transmission, multi-media, multiplex, radio page, school, intercom and sound burglar alarms and low voltage master clock systems.

Excluded from this classification are energy management systems, life safety systems, supervisory controls and data acquisition systems not intrinsic with the above listed systems, fire alarm systems, nurse call systems and raceways exceeding fifteen feet in length.
